# 100K Homes Campaign

*As one of the over 180 communities involved in the campaign,  
we are not interested in who gets credit or who gets blame.*

***We are interested in who gets housed.***

*Together, we are leading a national movement to permanently  
house 100,000 of our most vulnerable and chronically  
homeless neighbors.*

*In the process, we are transforming the way our communities  
respond to homelessness and ensuring that a lifetime on the  
streets will be unheard of and unimaginable to our children.*

# VULNERABILITY STUDY

**Dr. Jim O'Connell from the Boston Health Clinic studied a cohort to determine factors that lead to a greater risk of morbidity on the streets.**

# 100,000 HOMES CAMPAIGN

## Vulnerability Factors:

1. Liver Disease
2. End-Stage Renal Disease
3. HIV+/AIDS
4. Age over 60 years
5. History of Cold Weather Injury
6. 3 or more ER visits in the previous 3 months
7. 3 or more ER and/or Inpatient episodes in the past year
8. Tri-morbidity
