In 2010, as our community came together to collectively work to end homelessness, CSH collaborated with several entities (NAC, VSUW, ADOH, COP, etc.) to deliver CSH’s Supportive Housing Institute. NAC credits our capacity and success, in part, to participation in CSH’s Supportive Housing Institute. Not only did NAC benefit from the expertise offered by CSH, but the community gained a common framework that still serves as a basis to address homelessness through housing.
