## CES DV HT Pathway - Housing Status of Domestic Violence/Human Trafficking Survivor once Assessed

A domestic violence/human trafficking survivor, once assessed within the CES DV HT Pathway, is never removed from the waitlist.

The survivor's assessment is submitted in iCarol and their housing status is one of the following:

**Pending Match** – This status implies that the survivor is on the waitlist and has not yet been matched to Housing Provider/Navigator/Locator.

**Matched** – This status implies that the survivor has been matched to a Housing Provider and Housing Navigator or to a Housing Locator and is in process of getting housed.

**Housed** – This status implies that the survivor is housed.

**Inactive** – This status implies that this survivor had been matched to a Housing Provider and Housing Navigator or to a Housing Locator in the past but is no longer matched to them and is currently Inactive.

## CES DV HT Pathway - Housing Status of Domestic Violence/Human Trafficking Survivor once Assessed

A survivor can become **Inactive** for any of the following reasons:

- The Housing Provider and Housing Navigator or Housing Locator were unable to contact the survivor for a period of 6 weeks
- The survivor moved out of state
- The survivor has expressed that they are no longer in need of housing or is not interested in Rapid Rehousing/Transitional Housing Program via CES DV HT Pathway

A survivor who is Inactive can choose to reactivate themselves at any time on the waitlist by calling CSH, the Assessor or the Housing Provider/Navigator/Locator that they were last working with. Once reactivated, they will be on the waitlist with status “Pending Match” and prioritized per current Prioritization Plan.
